

Gold Buying Surges in Fgn. Markets

LONDON (AP)—A mini gold rush developed in the London bullion market today, and the price of the metal surged up more than 2 1/2 cents when the Bank of England was unable to fully satisfy demand.

Market sources said the Bank, which operates the seven-nation international gold pool, was evidently caught by surprise at the sudden rise in demand after weeks of comparatively minor trading.

The price set at the daily fixing at N.M. Rothschild and Sons was \$35.17, up 2 1/2 cents on Wednesday's price.

Dealers emphasized that demand for the metal today was nowhere near that of the gold rushes in November and December when demand reached 100 tons and more a day.

One dealer said the demand today began even before the price fixing and continued in later dealings to send the price up another cent, to \$35.18 an ounce.

Fluid Tapped From Patient's New Heart

CAPE TOWN (AP)—Fluid which developed around Dr. Philip Blaiberg's transplanted heart has been removed, but "his doctors do not take a serious view of this complication," Groote Schuur Hospital announced today.

"The patient's condition is not as good today as yesterday," the bulletin said.

"He developed some fluid around the heart. This had to be

tapped. After this procedure, he feels better. His doctors do not take a serious view of this complication."

Blaiberg, who underwent the world's third human heart transplant nine days ago, also has developed a slight throat infection, but it also is not considered serious, Dr. Marthinus C. Botha reported today.

Botha, the immunologist on the heart surgery team at Groote Schuur, said the infection is being treated with a gargle.

Botha said Blaiberg, a 58-year-old retired dentist is in better shape than the first heart transplant patient, Louis Washkansky, was nine days after surgery. Washkansky died of pneumonia 18 days after his operation on Dec. 3.

The doctor said the drugs being given Blaiberg to counter the body's natural tendency to reject foreign tissue are being reduced starting today because they also suppress the body's natural immunity to infection.

Dr. Christiaan Barnard, the head of the transplant team, told a news conference Wednesday he is interested in a post in the United States offered him during his visit there in December. But Botha said today he did not think Barnard was serious.

Botha said he had asked Barnard on his return from America what offers he had received and the surgeon told him: "There's nothing very exciting and nothing I'm particularly interested in."

Will Draw for Ballot Places

BLYTHEVILLE, Ark. (AP)—Candidates in the March 30 special election to fill the vacancy in the Arkansas House created by the death of L. H. Autry of Burdette will draw for ballot positions at a meeting of the Mississippi County Election Commission today.

The candidates are Autry's widow and El Allison.

Obituaries

M. E. JONES
Word has been received here of the death of M. E. Jones, 71, El Dorado. Services were December 23. He was retired owner and operator of Randolph Sporting Goods, and member of the Methodist Church. Burial was in Arlington Cemetery.

Surviving are his wife, Mrs. Ada Huckabee Jones, former resident of Hope; four sisters, Mrs. Carrie Kimmon, Mrs. Verne Green, Shadrach, La., Mrs. Genia Calhoun, Monroe, La., Mrs. Kathleen Hogan, Dallas.

G. B. MORAN
G. B. Moran, 89, died Tuesday night in Glenwood. Among the survivors are 3 daughters and 2 sons, including Curtis Moran of Hope. Funeral services are scheduled for 2 p.m. today (Thursday) in Glenwood.

DETROIT (AP)—Roy Reuther, 58, one of the organizers of the United Auto Workers and brother of UAW President Walter P. Reuther, died Wednesday, apparently of a heart attack.

HOLLYWOOD (AP)—Howard Smith, 74, veteran actor known to his audiences as a friendly neighbor or pompous boss, died Wednesday. Smith was nominated for an Academy award for his role as Charlie in the movie, "Death of a Salesman." He played the same role in the Broadway play.

LONDON (AP)—Basil Sydney, 73, once a British movie star and a popular actor on Broadway, died Wednesday from pleurisy after a fall. Among his roles was the king to Sir Laurence Olivier's Hamlet in the British movie version of the play.

CLEVELAND (AP)—Richard Zeising Jr., 72, who retired in 1960 as vice president of the Curtis Publishing Co. of Philadelphia, died Wednesday.

Queen Mary Fire Major Problem

LONG BEACH, Calif. (AP)—When a fire is reported on the Queen Mary, the fire department makes a "major problem response."

It did so Wednesday. Three engine companies, a ladder company, a boat company and a squad company roared to the harbor where the retired ocean liner is being converted into a hotel.

95 Items for Special Session

LITTLE ROCK (AP)—Gov. Winthrop Rockefeller listed 95 items Wednesday that he may want considered in a "brief and constructive" special session that he is expected to call Feb. 5.

The governor said he had rejected about 80 additional proposals because the state lacked funds needed to implement them or because he regarded them as "not appropriate" for a special session.

The proposals were broken down into three categories: Definite, Probably and Still Under Consideration. He said many of the "probable" items would end up in the call, but that he wasn't sure how many of "Those Under Consideration" would, if any.

The list was mailed to the state legislators in a memorandum that said, "Although the length of the list may not indicate it, the administration is making every effort to pare down the call to a bare minimum."

The memorandum included 19 "definites," 33 "probables" and 43 items that still are under consideration.

The list of "definites" included measures covering constitutional reform, the state Penitentiary, governmental efficiency, the state training schools for juveniles, the state Bank Department and reimbursements for the governor's emergency fund for monies advanced to the state Cosmetology Board, the state Governmental Efficiency Study Commission and Arkansas' HumisFair '68 pavilion in San Antonio, Tex.

Second on that list was a bill to change the statute that knocked Lynn Davis out of the job of State Police director because of a residency requirement. Major proposals among the "probable" items cover repeal of a 1967 tax relief bill for industry (Act 113), a one per cent local option sales tax and toll road construction by first class cities.

Still under consideration are proposals covering a merger between the University of Arkansas and Little Rock University, a highway classification program, the jury wheel method of selecting jurors, local option sale of mixed drinks and

a comprehensive state employee merit system. Eliminated from the governor's call were proposals concerning a minimum wage law, teacher tenure, special elections, privileged information, modification of election laws, competitive bond bids and audits of the state Highway Commission and the Game and Fish Commission.

H&R Block Tax Service Opened Here

H&R Block, America's largest tax service, announced opening in Hope on January 8. The organization operates over 2,000 offices in the U.S. and Canada and prepared returns for over 2.6 million individuals last year.

Dorsey Stringfellow will manage the new Hope office and will be assisted by his wife, Mrs. Mitchell Stringfellow. Block stands behind every return it prepares with the firm's own guarantee of accuracy.

Mr. Stringfellow has received extensive training in preparing federal returns. He majored in accounting at Arkansas Tech from Sept. 1959 to May 1962. He has prepared taxes for the past five years and recently completed H&R Block's specialized tax course. His training came at night school most of the past fall.

The Block office will be open until 9 p.m. weekdays and 5 p.m. on Sundays during the tax season, ending April 15.

Improvement Seen in Heart Transplant

STANFORD, Calif. (AP)—Mike Kasperak, who was nearly a dead man last Saturday night when a new heart was implanted in his chest, wrote his wife, Fern, a note Wednesday. It said, "I love you."

His doctors said his transplanted heart beat on normally and he continued showing signs of significant improvement.

But they stressed that for the world's fourth human heart transplant recipient "the crucial problems of rejection still lie ahead." They referred to the tendency of the body to reject any foreign tissue.

The fifth human heart transplant recipient died Wednesday in New York. Doctors refused to discuss the death of Louis Block 10 hours after the transplant operation until full results of a post-mortem examination are available.

In Cape Town, South Africa, fluid developed around Dr. Philip Blaiberg's transplanted heart. The fluid was removed and doctors said they did not take a "serious view of this complication."

A medical bulletin said "the patient's condition is not as good today as yesterday."

Blaiberg, who underwent the world's third human heart transplant nine days ago, also developed a slight throat infection but it also was not regarded as serious and was being treated with a gargle.

At Washington, D.C., the inventor of the artificial heart valve, Dr. Charles A. Hufnagel at Georgetown University, announced a research project aimed at preconditioning the hearts of unborn calves for ultimate transplanting into human beings. This would eliminate the need for delaying heart transplants until a suitable human donor can be found.

PLANE DOWN (From Page 1)

maintain 12,000." That was at 1:50 p.m. He wasn't heard from again.

Robert Hodges told the Lander County sheriff's office he heard a "boom and roar" southeast of his farm 20 to 30 miles south of Battle Mountain between 2 and 3 p.m.

The farmer tried to look out in the direction of the noise, said Sheriff George Schwin, but the driving snow made it impossible to see.

Joe Adamson, a watchman at the Duval mine about 17 miles south of Battle Mountain, said he heard a plane roaring through the same general area about 1:55 p.m., Schwin said.

"It's in the Mt. Moses area," Schwin said. "That part of the country consists of one valley and two mountain ranges. It is rocky hills and the mountains on both sides are pretty steep."

"Part of it is a dry lake. It's sparsely covered with scrub cedar and pine. There are a few ranches down there, but only four of five in the whole area. And there's a lot of old mines in the hills and canyons," he said.

One mountain in the area, called Needle Peak, juts 10,000 feet into the sky. Mt. Moses stands 8,645 feet. The plane carried an amphibi-

In closing out the 1968 campaign, Mr. Pruden asks that this (newspaper) thank the many folks for him who gave of their time and energies to make this year's campaign the success that it was. Said Mr. Pruden: "The Hempstead County United Fund is truly a community endeavor and to do the job you would have the Fund do takes total commitment on every citizen's part. If you have helped this year by working in the campaign or by making an investment in its program the whole community benefits by your taking part. To those who did not take part, we hope you will make yourself available to those who will be soliciting your help and funds later on this Fall in the 1969 campaign."

ous warfare instruction team based at Quantico, Va. The group, touring marine bases throughout the country, was en route to Seattle, Wash. to give its next class.

The Pentagon said there were 13 men in the instruction team and six in the crew. Spokesmen at Buckley Air Field and at Hamilton Air Force base near San Francisco said there were four crew men plus an instruction team.

The Pentagon said the identity of those on board would be withheld until the plane was located and their status known.

Casualties Average in Vietnam War

SAIGON (AP)—Heavy fighting during the first week of 1968 kept allied casualties at a near average level but sent the number of enemy killed soaring to a high for the Vietnam war, the U.S. Command reported today. In its weekly summary, U.S. headquarters reported 2,868 of the enemy were killed in the week ending Jan. 6.

The previous high for enemy killed in a similar period was 2,774 during the week ending last March 25.

In its breakdown of the enemy killed last week, South Vietnamese military headquarters said 1,879 were killed by U.S. and other allied forces and 989 by South Vietnamese troops.

The U.S. Command said the kill ratio for last week was 6.2 to 1.

U.S. spokesmen said 184 Americans were killed in action last week, and 1,132 were wounded. A week earlier the number of Americans killed had been 185. The number of wounded last week, however, was a sharp rise over the 437 reported a week earlier. The wounded figure for last week was about average for the past several weeks, and U.S. officers said they still had no explanation for the marked drop in the number of wounded a week earlier. Of last week's total, 585 men were

Thursday, January 11, 1968

hospitalized and 547 did not require hospitalization, the command said.

The latest casualty figures pushed the number of Americans killed so far in the war to 16,181. The number of wounded — reaching 100,874.

The number of Americans listed as missing, captured or interned was 915 at the end of last week, U.S. headquarters said.

South Vietnamese spokesmen listed government casualties last week at 263 killed, 667 wounded and 83 missing or captured. A week earlier these totals had been 227 killed, 556 wounded and 83 missing.

Other allied casualties for the week were 19 killed, 36 wounded and none missing. There had been 37 killed, 47 wounded and none missing a week earlier. No breakdown is given by country in listing casualties for other allied forces.

The weekly communique also reported the number of U.S. military personnel in South Vietnam last week remained the same.

The strength of other allied forces also was the same — 60,000.

U.S. headquarters said its estimate of enemy strength in the country also was the same as the previous week — military from 223,000 to 248,000, and political underground from 75,000 to 85,000.

Sea Cow
The manatee is commonly known as the sea cow. The creature has only one pair of limbs, or flippers, with which it pushes water plants toward its mouth, where the lobed upper lip clutches the food.

Mr. and Mrs. Ray McDowell have returned from the Hawaiian Islands and a visit with the Jimmys.

The Rev. Al Eason, Superintendent of the Hope District, Methodist Church, will speak at the Prescott Methodist Churchwide Study on Sunday, January 14. Jerry Westmoreland, pastor of the Prescott Circuit, will speak January 21.

Television and Radio

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — "The Avengers" seems to have changed its character radically in the months it has been away from ABC. Or maybe somebody just picked the wrong episode of the suave, sophisticated British-made series for its premiere show as a midseason replacement.

The opening program Wednesday night was strictly kid stuff, a floodlight that reduced a limousine to the size of a toy model, and a human being to the stature of a toothpick.

Mr. Steed was accidentally cut down to a minivan when the bad guys were stealing a prototype of a revolutionary tank by shrinking it and carrying it off in an overcoat pocket. But Mr. Steed's plight was lucky, because he was able to come to the rescue of his colleague, Mrs. Peel, when that athletic lady had been trussed like a capon by the villains. He managed it, incidentally, with a letter opener, which seemed the size of a steel girder in his tiny condition, and cut her bonds.

And as soon as the magic

Here's the hilarious answer to WHY BOYS LEAVE HOME!

"enter laughing"

beam restored him to normal size. Mrs. Peel was shrunk, and received her turn to rescue him. Finally, they shrunk the heavies and caught them in Mr. Steed's derby.

This is the sort of science fiction nonsense we might let go by on shows like "Voyage to the Bottom of the Sea," or "I Dream of Jeannie," but not on a droll and dry show like "The Avengers."

Of course, the series used to be broadcast in late evening spots on the ABC schedule, a time when the vast majority of viewers are presumed to be adults. Now it comes on at an early evening hour, and all three networks concede that the period from 7:30 to 9 belongs to the youngest members of the audience.

But if "The Avengers" is converted into a sort of child's fantasy series, no matter how

smoothly or tongue-in-cheek it is handled, it is bound to lose that hard-core audience that made it a success as a replacement on earlier occasions.

The time of President Lyndon Johnson's state of the union address next Wednesday night could not be more unfortunate from the standpoint of ABC.

The network has scheduled a special two-hour production of "Laura," starring Lee Remick, Radziwill, Jacqueline Kennedy's sister, in her television debut. ABC has done an enormous amount of publicity on the show and interest in it was believed to have run high.

ABC postponed its announcement about the way it plans to handle the President's speech until today.

NBC and CBS will cover the speech live, starting at about 9 p.m., and follow it up with anal-

ysis and reaction programs. Neither NBC nor CBS had special programs scheduled. This is the second time recently that a widely publicized ABC special has run into hard luck. Carol Channing's special program was postponed twice because of a TV technicians' strike and still has not been broadcast.

Recommended tonight: "Great Explorations," NBC, 7:30-8:30 EST, documentary with astronaut John Glenn and a party following the African trail of reporter Stanley when, almost 100 years ago, he hunted for Dr. Livingstone.

Tall Tower

Struggle on for Athletic Supremacy

By RON RAPAPORT
Associated Press Sports Writer
NEW YORK (AP) — And the war goes on. And on and on.

The struggle for supremacy in track and field between the National Collegiate Athletic Association and the Amateur Athletic Union reverted to its infancy Wednesday when the NCAA officially called off the federally imposed moratorium at its annual convention here.

A NCAA council statement, approved by the convention at large, said that beginning after the 1968 Olympics, the NCAA would again insist on "certifying" any non-collegiate meet that college athletes take part in.

This was the policy first adopted in January 1965 that led to a summer full of bitterness before the NCAA, at the request of the U.S. Senate, agreed not to enforce the certification rule pending the decision of a panel headed by labor mediator Theodore Kheel.

The AAU has always insisted that it is the only body that can sanction a meet and would not ask for NCAA certification of the meets it sponsors.

The NCAA, for its part, will not ask the AAU for sanction of its meets where non-college athletes sometimes compete. Kheel has promised that his committee will render its long-awaited decision soon, perhaps next month, but NCAA executive director Walter Byers said the council was unwilling to wait before reinstating the certification rule.

He said it would not be enforced until November because commitments had already been made for the current indoor track season and because the council did not want to interfere with Olympic preparations.

Byers obliquely issued a warning to the Kheel committee, saying, "We will not be bound by any decision that does not permit us to look out for our own athletes."

In other action, NCAA modified its 1.6 student eligibility rule—though not enough to suit some members—and voted to allow freshmen to compete in all varsity sports except football and basketball.

The 1.6 rule requires a student to project that numerical average, about a C minus, on entrance tests approved by the NCAA and to maintain that average through his college career in order to compete on college teams.

As modified, though, he need not maintain the 1.6 average if he projects that average on admission tables equal to or harder than the NCAA tables.

all businessmen, are Alex Barket, Ewing Kaufman, John Latshaw and Richard Stern.

The city's 13 years in the league were played under absentee club owners, first Arnold Johnson, then Charles O. Finley, who received permission last fall to move the Athletics from Kansas City to Oakland.

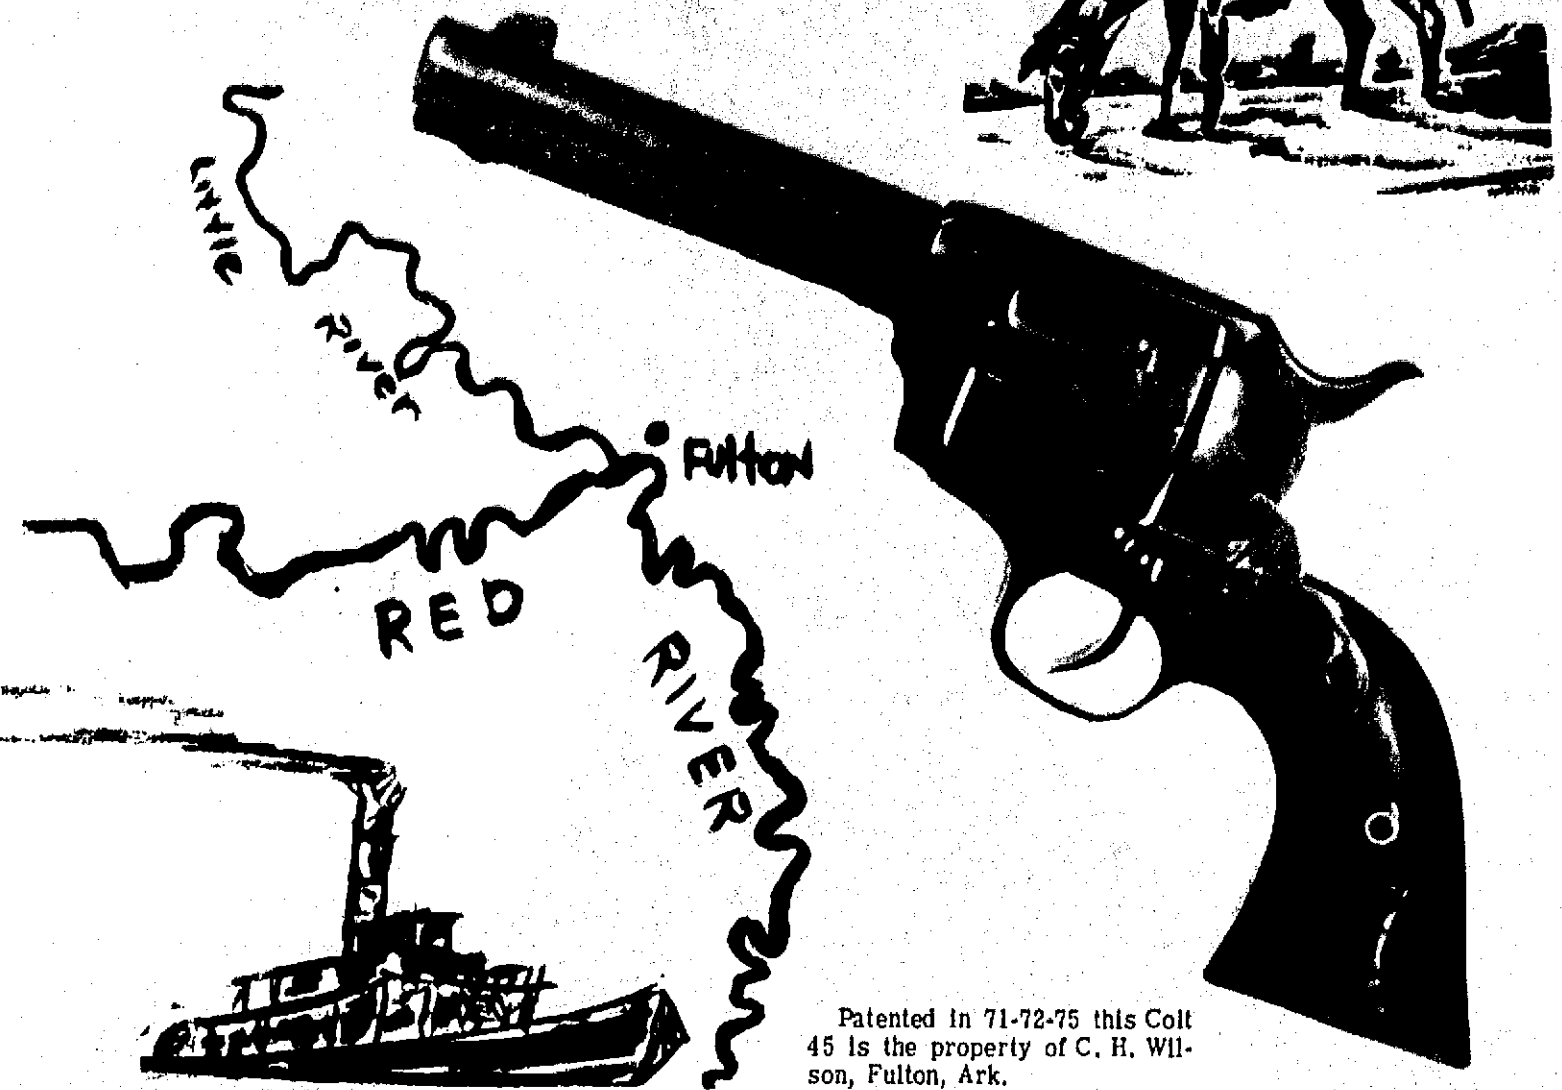

Finley did not attend today's meeting, the first full league session ever held in Kansas City. He was represented by an associate.

The city's 13 years in the league were played under absentee club owners, first Arnold Johnson, then Charles O. Finley, who received permission last fall to move the Athletics from Kansas City to Oakland.

Finley did not attend today's meeting, the first full league session ever held in Kansas City. He was represented by an associate.

Hopefully you can make it to Jones Field House by 7:00 p.m. for the two clashes, and excitement should be the by-word. In case you can't attend, KXAR will broadcast both matches, beginning at 6:45 p.m. in Jones Field House at 6:45 p.m.

Hope and Bradley Meet Again

By RALPH ROUNTON
Star Sports Writer

Because of Tuesday night's rain, which melted the icy conditions on the roads, the Hope schools opened their doors Wednesday, and many of the students came back with grumbles and frowns. But this writer knows fifteen Hope Kitty Cats who were rewarded by fate, as Kirby, the girls' opponent for last night in the Delight Tournament, had to forfeit to Hope because of impassable road conditions.

Thus it goes in the books as Hope 2, Kirby 0, and the Junior Girls third recorded win against four losses. So the Hope girls take the easy ride into the semifinals tonight at 5:30 p.m. against the winner of last night's game, if there were any. However, that is not the end of the dilemma.

HHS girls coach Charlotte Gibson can't be in two places at the same time, but if the times are staggered she won't waste a second. Mrs. Gibson will coach the Kitty Cats in the Delight ball game, then she will take a fast hop back to Hope, where she must be at Jones Field House by 7:00 p.m., when her Lady Cats meet the state's best, Bradley, in a showdown battle.

No crisis was at first expected in this situation, because the girls game was scheduled following a Junior Boys contest, which was called off in yesterday's sequence of events. A Senior Boys game was then scheduled, to follow the Lady Cats and the Bearettes. Later the tip-off for the opening contest was set for 7:00 p.m., to allow Mrs. Gibson time to arrive.

Those are the complicating circumstances, if you can understand them. Now everything is settled, though, and it is hoped that a very large crowd can turn out for the games. What a show it will be, led off by the Lady Cats' last chance to break the Bradley winning streak, after three failures. Then the night-cap matches two running ball clubs, the Hope Bobcats and the Bradley Bears.

Hopefully you can make it to Jones Field House by 7:00 p.m. for the two clashes, and excitement should be the by-word. In case you can't attend, KXAR will broadcast both matches, beginning at 6:45 p.m. in Jones Field House at 6:45 p.m.

SOLUNAR TABLES

By RICHARD ALDEN KNIGHT

The schedule of Solunar Periods, as printed below, has been taken from Richard Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major Periods are shown in boldface type. These begin at the times shown and last for an hour and a half or two hours thereafter. The Minor Periods, shown in regular type, are of somewhat shorter duration. Use Central Standard time.

Date	Day	A.M.		P.M.	
		Minor	MAJOR	Minor	MAJOR
Jan.					
11	Thursday	1:20	7:30	3:50	7:55
12	Friday	1:55	8:25	4:50	8:50
13	Saturday	2:40	9:20	5:45	9:50
14	Sunday	3:30	10:20	6:45	10:45

Long Time Packer Fan Switches

By HAL BOCK

Associated Press Sports Writer
BOCA RATON, Fla. (AP) — Thirty-seven years of football loyalty reaches an end Sunday when Andy Banaszak, a season ticket holder in Green Bay since 1931, takes his seat in the Packer section and roots for Oakland in the Super Bowl.

"Dad didn't give up easily," laughs Pete Banaszak, the Oakland running back who is the reason for Papa Banaszak's momentous switch "but I can understand. I was a big Packer fan too . . . once."

Pete, who replaced Clem Daniels when the Raider star broke his ankle in mid-season, grew up in Crivitz, Wis., a little town about 50 miles north of Green Bay.

Banaszak stepped right in when Daniels broke his leg and played a major role in Oakland's romp to the AFL title.

He gained 376 yards in 68 carries for a 5.5 average—one of the best in the league—and also picked up 192 more yards on 16 pass receptions.

Papa Banaszak was one of the 50,861 frigid fans who jammed into Lambeau Stadium at Green Bay on Dec. 31 to watch the Packers beat Dallas for the NFL title in 13-below-zero weather.

"Yes, he was there," says Banaszak, "As soon as it ended he rushed over to my sister's house about two blocks from the stadium and watched our game on television."

What he saw might have helped convince him to root for Pete and the Raiders Sunday. Oakland demolished Houston 40-7 for the AFL crown with Banaszak rushing for 116 yards in 15 carries.

"On a whole, it was our best game," says Banaszak, "We made very few mistakes. If we can play the same way . . . execute as well . . . on Sunday, we'll do all right and dad will still be with a winner."

Soph Leads Bonnies Over De Paul

By ED SCHUYLER JR.
Associated Press Sports Writer

Every basketball coach is happy to have an all-around player on his team, and St. Bonaventure's Larry Weise must be ecstatic over Bob Lanier.

The 6-foot-10 sophomore, the team's leading scorer and rebounder, not only scored 25 points and grabbed 15 rebounds Wednesday night, he also blocked eight shots and stole the ball six times as the unbeaten Bonnies defeated DePaul 77-67 for their 12th straight.

DePaul, behind 41-29 at halftime in the game at Olean, N.Y., closed to within five points with 13 minutes left. But then, with Lanier sealing the ball and blocking shots, the seventh-ranked Bonnies pulled away.

Lanier, who hit on 10 of 12 shots from the field, got scoring help from Billy Butler, with 20, and John Hayes, with 15. Al Zetzsche led DePaul with 23.

Third-ranked North Carolina overcame an eight-point deficit in the second half to edge North Carolina State at Raleigh, N.C., and take over first place in the Atlantic Coast Conference.

The Tar Heels, the only other members of the Associated Press Top Ten to see action, were paced by Larry Miller's 13 rebounds and 17 points as they built their ACC record to 3-0 and their overall mark to 10-1.

Louisville threw a full court press against home team Memphis State and rolled to its fourth straight victory, a 78-58 Missouri Valley Conference triumph.

Jimmy King scored 21, Butch Beard 20 and Was Unseld 16 for the Tigers, now 8-4 over-all and 4-0 in the MVC.

St. John's, N.Y., behind by eight points with five minutes remaining, tied the game at 59-59 on two foul shots with one second left in regulation time, and then went on to beat Georgetown 65-61 at Washington.

And, Denver did something it hasn't accomplished in 10 years, beating Colorado State University at Fort Collins, 65-59. It was Denver's first success at Fort Collins since February, 1957.

Other road victories saw East Carolina nip William & Mary 71-70, Marshall outlasted Morris Hervey 101-93 and St. Francis, Pa., edged Steubenville 77-73.

In home-court triumphs, Air Force smashed Doane 109-69, Maryland downed West Virginia 79-75, South Carolina drubbed Wake Forest 88-73. Davidson pounded George Washington 107-75, Wofford beat Furman 71-68, Penn State walloped Gettysburg 84-47, Notre Dame whipped Detroit 83-63, Connecticut trounced New Hampshire 96-70 and Tampa shaded Miami, Fla., 78-76.

Fishing Grounds

The name Grand Banks is given to the 500-mile stretch of shallow water off the southeast coast of Newfoundland. It is one of the finest fishing grounds in the world.

Lombardi Talk Is A Big Weapon

By JACK HAND

Associated Press Sports Writer
FORT LAUDERDALE, Fla. (AP) — The Vince Lombardi pep talk is an awesome Green Bay Packers weapon that can make a quarterback want to run through a wall.

Bart Starr spoke of the Packers' emotional approach to football before today's workout for Sunday's Super Bowl game with the Oakland Raiders at Miami's Orange Bowl.

"Coach has said things that make me think I could run through a wall in the middle of the week," said Green Bay's quarterback. "He makes you wish you could play the game today."

"Football is a very emotional game. Physically, you know, you'll be ready for Sunday. But if you're not ready emotionally and mentally, you can't do it on Saturday night."

"Sometimes, he will talk to the club before the first practice of the week," Starr said. "Sometimes, it will be later—whenever it comes naturally. Some people may think it is a lot of college and high school stuff but you have to be ready emotionally."

"He never has said anything out of line. When I make talks in the off season, I often quote him word for word. He has talked to us about this game both back home and since he arrived down here."

"Money is a great incentive. You'd be silly to say it wasn't with big money (\$15,000 a man) at stake. But the big thing is pride and prestige in yourself and the whole league. We like to think we are representing every guard, every end, every back, every player in the National Football League."

Mahovich Stars for Maple Leafs

By THE ASSOCIATED PRESS

Frank Mahovich is long past the age of birthday parties and cakes and candles, but he still knows how to celebrate.

The left winger for Toronto whopped it up on his 30th birthday Wednesday night by scoring two goals that swept the Maple Leafs past Detroit 2-1 in Toronto.

The victory pulled the Leafs within two points of idle second place Boston in the East Division of the National Hockey League and within six of leading Chicago, which managed only a 3-3 standoff against visiting New York.

Montreal remained only a point behind Toronto—only 10 points separate the 10 East clubs—by nipping Pittsburgh 4-3 on defenseman J.C. Tremblay's goal with 41 seconds left.

Second-place Minnesota pulled within six points of leading Philadelphia in the West by outscoring the Flyers 6-4 in Minneapolis-St. Paul on Wayne Connolly's three goals.

In the other game, host Oakland and St. Louis played a 2-2 tie.

Mahovich first put Toronto ahead at 8:17 of the first period when he beat Detroit goalie Roy Edwards by tipping in Dave Keon's shot. After Dean Prentice tied it with his 10th goal two minutes later against Toronto goalie Bruce Gamble, Mahovich stole the puck and banged home a back-hander from the right side.

Camille Henry's second goal of the night for New York produced the deadlock midway through the final period after the Black Hawks had taken a 3-1 lead against goalie Don Simons.

The Rangers lost left wing Vic Hadfield for about three weeks with a dislocated shoulder suffered in the first period.

Tremblay's third goal of the season from 40 feet left Montreal unbeaten in seven games. The visiting Canadiens had fallen behind 2-0, but rallied for three goals in less than five minutes of the second period.

Connolly, en route to Minnesota's first hat trick, scored twice in the first period and the lead reached 5-1 before Philadelphia closed to 5-3. Connolly hit at 17:54 of the finale.

Oakland gained its tie with St. Louis on a goal by Ted Hampson, who took a pass from Bert Marshall at 11:12 of the last period. Hampson and Marshall had been obtained by the Seals in a trade with Detroit on Tuesday.

Wally Boyer gave Oakland a 1-0 lead in the first period but St. Louis went ahead in the second period on goals by Tim Ecclestone and Don McKenney.

Evansville Tops Small Colleges

By THE ASSOCIATED PRESS

The Evansville Aces, leaders in the final Associated Press small-college basketball polls in 1964 and 1965, have reached the top of the deck again.

The Aces beat Kentucky Wesleyan 71-64 last week and thus changed places with the Panthers from Owensboro, Ky.

Evansville collected seven first-place votes and 129 points in the latest balloting by a national panel of 14 sports writers and broadcasters based on games through last Saturday.

Kentucky Wesleyan had 95 points while unbeaten Long Island University held the No. 3 position with 92.

Evansville, after outstanding seasons in 1964 and 1965, dropped to eighth in the final 1966 ratings and was not ranked in 1967.

There was some additional position shifting in the latest rankings. Indiana State, Southwest Missouri State and Trinity, Tex., each advanced one place, to fourth, fifth and sixth, respectively.

San Diego State, which lost to Cal Poly of Pomona, fell from fourth to seventh. Southwestern Louisiana remained in the No. 8 spot.

Gulford, which beat Catawba and Appalachian last week for an 11-1 record, advanced one position to ninth. Winston-Salem, a 98-84 loser to Elizabeth City, slipped one place to 10th.

LIU is the only undefeated team among the first 10. The Blackbirds are 11-0 after defeating Seton Hall 53-47 in their only game last week.

The Top Ten with first-place votes in parentheses and total points on a 10-9-8-etc. basis:

1. Evansville (7) 129
2. Kentucky Wesleyan 95
3. Long Island U. (3) 92
4. Indiana State 75
5. SW Missouri St. (1) 62
6. Trinity, Tex. 57
7. San Diego State 41
8. SW Louisiana (1) 40
9. Gulford (1) 34
10. Winston-Salem 18

Maris Signs Contract With Cards

ST. LOUIS (AP) — Roger Maris shrugged off the effects of Bell's Palsy, expressed desire for the baseball season to start and signed his 1968 contract with the St. Louis Cardinals.

In a novel telephone hookup between St. Louis and St. Petersburg, Fla., General Manager Bing Devine announced that Maris signed for the same salary he made last year. Estimates put Maris in the \$75,000 class. Devine said the telephone news conference was an idea he picked up while serving as general manager of the New York Mets.

Maris was in Florida working out details of his new job with the beer company that co-sponsors the Cardinals' game. He and his brother have been granted an Anheuser-Busch distributorship.

The outfielder, who is the second player named by the Cardinals to sign a 1968 contract, had announced that he

Nicklaus to Defend in Crosby Meet

By JACK STEVENSON

Associated Press Sports Writer
PEBBLE BEACH, Calif. (AP) — U.S. Open golf champion Jack Nicklaus swings into his 1968 campaign today as defending champion in the \$104,500 Bing Crosby Tournament aiming to play better this year.

"I'll point to the four major tournaments again," said Nicklaus, whose continuing hope is to score a Grand Slam and win them all in a single year.

Nicklaus, who will be 28 on Jan. 21, ranks as one of four players who have won the U.S. Open, Masters, PGA and British Open. But no one has copped them all in a single year. Bobby Jones' Grand Slam in 1930 consisted of the U.S. and British Opens and Amateur tournaments.

Nicklaus concluded preparations for the 72-hole Crosby with a subpar round over the exacting Cypress Point course.

The 6,464-yard course plays to a par of 37-35—72 and although he didn't write down his hole-by-hole tally, Nicklaus observed, "I'm sure I was under 70."

That despite a whistling wind blowing in from the Pacific Ocean.

Nicklaus and his amateur partner Bob Hoag, another former Ohio State athlete, open their competitive play at Cypress Point, and then play Spyglass Hill and Pebble Beach on Friday and Saturday. Those surviving the 54-hole cut play a final round Sunday at Pebble Beach.

The field totals 336 with each of the 168 professionals having an amateur partner in the Crosby format. Each of the teams will play each of the three courses on the picturesque Monterey Peninsula.

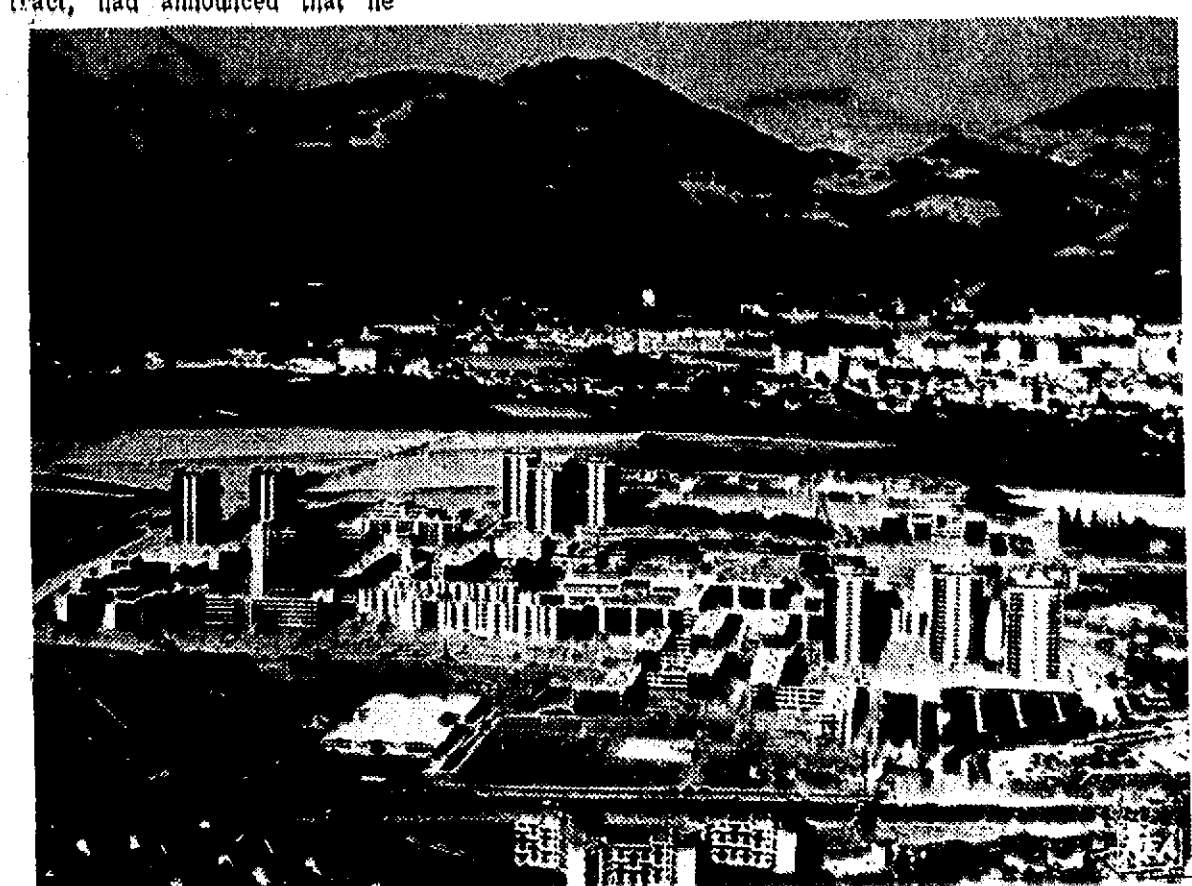

The field for the Crosby includes Masters champion Gay Brewer and PGA winner Don January as well as such former Crosby winners as Billy Casper, Doug Ford, Don Massengale, Art Wall, Bob Rosburg, Bruce Crampton and Ed Furgol.

Also on hand is the big gun, Arnold Palmer, who never has found the range in this tournament.

Decision on Kansas City Franchise

KANSAS CITY (AP) — American League owners met here today to decide which of four applicants will be awarded the new Kansas City expansion baseball franchise for the 1969 season.

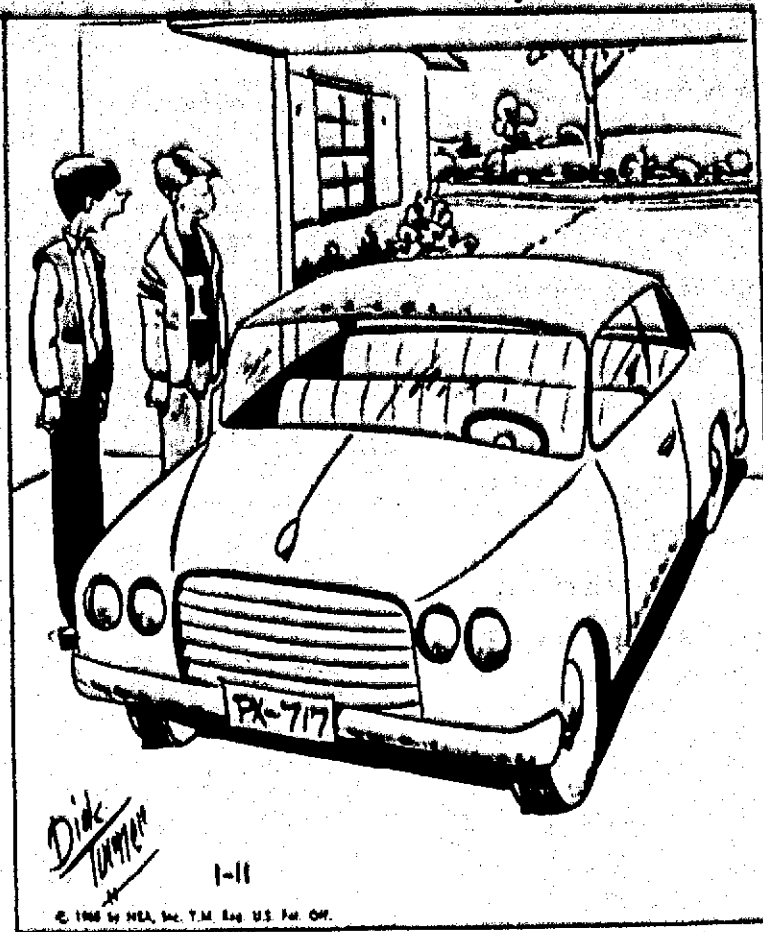

Whoever it is, for the first time Kansas City will have local ownership. The applicants,

SPORTS CITY rises on outskirts of Grenoble, France, where Winter Olympics will be conducted. Competitors will live in village for duration of games.

"Does he watch TV? I see quite a lot of special bulletin syndrome these days!"

"What does Dad use to keep it so clean and shiny? The keys!"

QUICK QUIZ

BLONDIE

Q—Are bears found in South America?
A—The Andean black bear or spectacled bear is the only bear found in South America. It owes its name to the fawn-colored ring that encircles each eye, giving a rather fanciful resemblance to eye-glasses.
Q—Which of the constellations that we can see contains the edge and which the center of our galaxy?
A—The edge nearest us lies in Taurus and the hub is in Sagittarius.

Transplants Are New Era in Surgery

By ALTON BLAKESLEE
Associated Press Science Writer
NEW YORK (AP) — Deliberately one Sunday morning, surgeons cut out the sick but still-beating heart of a human being — and put a healthy human heart in its place.

That audacious surgery — first performed Dec. 3 — now has been repeated four times more in 37 days.

Three highly skilled teams of surgeons, nurses, anesthetists, pathologists and other specialists, in three cities, have pioneered this new era of surgery.

They were all ready, all long trained, for just this step, and more such teams, similarly honed, likely will perform human heart transplants before the year's end.

The time was ripe, the preparations made, the confidence was building — all through 1967 and even earlier — that hearts could be exchanged, a healthy for an ailing one.

Where the first operation occurred depended upon fortuitous circumstances, plus reasoned boldness.

All three teams had done their preparation work well and successfully with dogs — that of Dr. Christiaan N. Barnard in Groote Schuur Hospital in Cape Town, South Africa; Dr. Adrian Kantrowitz at Maimonides Hospital in New York; Dr. Norman E. Shumway in Stanford, Calif., at Stanford University School of Medicine.

One nagging unknown was whether a human heart, placed in another breast, would survive and support life.

Dr. Barnard answered that question with his first operation on Dec. 3. Louis Washkansky lived for 18 days with the heart taken from a young woman. The borrowed heart functioned powerfully and well, with Washkansky dying of pneumonia, not

from heart trouble that had narrowly numbered his days with his own heart.

Dr. Kantrowitz had received go-ahead permission from his hospital for human heart transplantation as early as mid-1966. Dr. Shumway last fall had predicted that the time now had come.

The essential was the right circumstances — a dying person whose healthy heart could be replaced by a heart that had been taken soon after death, and second, a person with a heart so severely damaged that life could not long continue.

Still to be resolved is the delicate matter of using drugs and X-rays to prevent the borrowed heart from being rejected as foreign tissue, while not so suppressing the body's normal immune reactions that ordinary diseases could invade and kill the recipient.

Medical scientists are gaining confidence this can be done.

Unless this rejection problem appears too formidable still — from the first handful of patients — the year probably will bring a series of heart transplant operations, including some by other experienced surgical teams in other medical centers.

The surgeons have been ready. The time was ripe. The need will continue desperate.

French Toast Ham Sandwiches

By GAYNOR MADDIX
NEA Food Editor

French toast ham sandwiches.

After the culinary extravagan-
gances of Christmas and New
Year's, how about a change of
pace—simple, easy-to-prepare
dishes? Boiled ham, sliced and
cut into small pieces, and
cooked with scrambled eggs,
makes an easy and delicious
main dish. Particularly if
served on hot buttered toast.

Or use it in this French
toast recipe, a pleasant supper
dish.

FRENCH TOAST HAM SANDWICHES

- 12 slices bread
- 8 thin slices boiled ham
- Mustard (optional)
- 1/4 cup butter or margarine
- 2 eggs, slightly beaten
- 1/4 cup milk
- 1 teaspoon salt
- Reduced calorie syrup
- Trim crust from bread. Top
- 6 slices of the bread with
- 6 slices of ham. Spread lightly

with mustard; cover with re-
sulting bread. Melt butter in
large skillet. Blend eggs, milk,
and salt. Dip sandwiches
quickly into egg mixture.

Plane Down in Nevada, 18 Aboard

BATTLE MOUNTAIN, Nev. (AP) - A sheriff's party at daybreak today found a Marine aircraft that disappeared about 18 hours previously in a blinding snowstorm. There was no sign of life.

Sheriff George Schwin of Lander County said the plane hit the top of a hill some 20 miles south of this northern Nevada town and then slid into a canyon.

The four-engine transport disappeared at 1:50 p.m. Wednesday while the pilot was flying on instruments.

At Buckley Air Field in Denver, Colo., a spokesman said the plane was carrying 18 men when it left there on a flight to Seattle. In Washington, the Pentagon said it was carrying 19 men.

Schwin reported to the Bureau of Land Management office in Battle Mountain that he and a party of four men were walking into the plane area.

The pilot was flying on instruments in the blizzard when he radioed that his engines were icing 21 to 30 miles southwest of the little cattle and mining town of Battle Mountain.

He told the Federal Aviation Agency in Salt Lake City: "I am losing altitude at 10,000 feet and at present time unable to see PLANE DOWN On Page 2"

State Student Is Killed

SHREVEPORT, La. (AP) - An Arkansas college student is dead today as the result of what authorities described as an attempted burglary and an accidental shooting.

Officer S. T. Woodard said his pistol discharged during a struggle with Tommy Wayne Risner, 22, a student at Arkansas A&M, striking Risner in the head.

Woodard said Risner had attempted to flee after being found in a closed auto parts company early Wednesday.

Jailed here in connection with the alleged burglary attempt were William R. Cantrell, 21, of McGehee, Ark., and Larry Howell, 23, of Watson (Desha County), Ark. Risner also was from Watson.

Will Vote on Bond Issue

BLYTEVILLE, Ark. (AP) - The Blytheville School Board will submit a proposed \$843,000 school bond issue in the March school election.

The plan calls for a seven-mill tax increase, four mills for construction and three mills to pay teachers' salaries.

By HAL BOYLE
NEW YORK (AP) - "I reached a low point in my life, but I've come back from it," said Col. John H. Glenn Jr.

Glenn, the first American astronaut to orbit the earth, makes his debut as a television star tonight in "Great Explorations," a new series on NBC-TV.

On the program Glenn will follow the route taken by journalist Henry Morton Stanley in his historic search for missionary David Livingston in Africa late in the last century.

Recalling his own historic orbital flight over the same territory in 1962, the colonel remarked:

"It took me 3 minutes and 20 seconds to cover the route it took Stanley 8 1/2 months. I was traveling five miles a second. A lot of days Stanley didn't make that much a day."

No American of his generation ever received greater accolade than greeted Glenn after he piloted the Mercury Friendship 7 spacecraft on its successful three-orbit mission around the earth on Feb. 20, 1962. Honors were showered on him from all parts of the country. He received a hero's welcome wherever he went.

But personal disaster struck the state AFL-CIO and moderator of the organization's weekly television program, "Labor's Language," said it was possible the two would represent their parties on all three shows.

Moderator for the programs, he said, will be KARK-TV Public Affairs Director Ted Biggs.

The first is scheduled Feb. 4. The debates will cover gambling, party philosophy, employment, education and jobs.

\$4.1 Million in Phony \$100 Bills Seized, 2 Counterfeiters Jailed

NEW YORK (AP) - Secret Service agents have seized a printing press and a large amount of counterfeiting equipment in Ohio following their confiscation here of \$4.1 million worth of phony \$100 bills—the largest haul in the history of the Secret Service.

Two men have been arrested in Ohio and charged with printing the counterfeit money.

A Miami Beach lawyer, Joel Lee, 39, was arrested here. He allegedly was salesman and traffic manager for the ring that planned to unload \$50 million in fake \$10, \$20 and \$100 bills. Authorities say that apparently none of the phony money got into circulation.

Albert E. Whitaker, agent in charge of the Secret Service in New York, has predicted more arrests.

Secret Service agents, acting with local police, seized counterfeiting equipment in a raid late Wednesday at a vacant store-room in Wellsville, Ohio. No arrest was made.

Police Capt. Pete Trainer said he understood that the equipment was connected with the counterfeiting operation in which the two Ohio men had been arrested. The material seized included a photocopy camera, two boxes of paper, a trunkful of paper cut to the size of U.S. currency and printing ink.

Earlier Wednesday, Asst. U.S. Atty. Robert J. Rotatori announced at Cleveland that a printing press had been seized on the back porch of the home of James Clark, 28, of Clinton, Ohio.

The press, about half the size of a small auto, could be loaded on a truck and moved to various sites but was too big to get into the house, authorities said. Clark, allegedly the printer and technician in the counterfeiting operation, was arrested Wednesday at a tool and die shop in Akron where he was employed. Clark was acquitted by a jury last year on a charge of an armed holdup of a supermarket.

The other Ohio man arrested by Secret Service agents was Louis Christian, 46, a used car dealer, who was seized at his home in Canton. In 1965, Christian was sentenced to a year in prison for conspiracy to transport stolen autos across state lines.

Clark and Christian, both charged with printing counterfeit money, were held in \$75,000 bail each.

U.S. Commissioner Max Schiffman set \$25,000 bail Wednesday for Lee, arrested Tuesday night at Kennedy Airport as he was on his way back to Florida, was charged with possession, sale and delivery of the \$4.1 million in counterfeit money.

Russellville Schools Short

RUSSELLVILLE, Ark. (AP) - The Russellville School Board will have to appeal for public subscription if the schools are to operate a full term this year, Supt. John Vandiver said Wednesday.

He said that between \$30,000 and \$40,000 was needed to keep the schools open for the full 175 days required for accreditation by the state Education Department and the North Central Association of Secondary Schools.

Vandiver said the financial problem arose because revenues from property tax collections were \$13,500 less than anticipated and a \$22,000 surplus that had been expected from the previous year's budget did not exist.

In 1964 when, after resigning from the Marine Corps, he announced plans to enter politics and seek election as U.S. senator from Ohio, A bathroom fall left him with an ear injury that forced him to abandon his political campaign.

"That certainly wasn't a vintage year for me," Glenn said during a recent luncheon interview. "I was out of everything for almost a year, and I guess I was lucky just to be among the living."

Added to worry over his low physical recuperation were the biggest financial troubles of his lifetime. The cancellation of his senatorial campaign left him and his backers facing thousands of dollars in unpaid bills. He could have ducked them but, characteristically, decided to shoulder them all himself.

"I was determined to pay off all my political debts, and I did," he said. "It took me a year and a half to do it, and 2 1/2 years of my Marine Corps savings went down the drain. It wasn't a huge sum, but it seemed a big amount to me."

Today he is completely recovered, both physically and financially. He serves as a consultant on space matters for the National Aeronautics School. The whole family is fine.

Direct Tax on Travel Is Possible

WASHINGTON (AP) - A direct tax on travel abroad—a possibility under discussion within the government—is unprecedented in American history.

Even during World War I and World War II, no tourist tax of the type now being considered was imposed on U.S. citizens, say government officials.

As of now, the travel part of the administration's program to reduce by \$3 billion the U.S. balance of payments deficit is confined to a request by President Johnson for Americans to defer for two years unnecessary travel outside the Western Hemisphere.

Secretary of the Treasury Henry H. Fowler plans to get together with key members of Congress soon after it reconvenes next Monday to work out a possible tax to discourage travel abroad.

A head tax or a tax on the number of days a person remains abroad are considered major possibilities.

But Congress will have the last word and the outcome at this point is uncertain.

Not Impressed With Naming of Johnson

LITTLE ROCK (AP) - Gov. Winthrop Rockefeller didn't seem impressed Wednesday that Jim Johnson had been named head of the George Wallace presidential organization in Arkansas.

Rockefeller said he didn't see how Johnson, the 1966 Democratic gubernatorial nominee, could run against him again this year "while he's working for a third party."

Leon B. Catlett, chairman of the state Democratic party, said he had not "given any thought at all" to what effect the Johnson-Wallace effort would have, nor to what chance there might be of Arkansas Democrats voting in majority support for Wallace.

Catlett said he didn't know how much control Johnson had in the state party, but "I assume he has considerable following."

Johnson has confirmed but declined comment on an announcement by the Wallace campaign headquarters Tuesday, that Johnson would lead the effort to get the former Alabama governor on the presidential ballot in Arkansas.

Appointed to Commission

LITTLE ROCK (AP) - Ronald A. May, 39, of Little Rock, a member of the Little Rock law firm of Wright, Lindsey and Jennings, has been appointed to the Capitol Grounds Commission, succeeding Waldo Frazier of Little Rock, Gov. Winthrop Rockefeller announced Wednesday.

Named President of Electric Co-op

LITTLE ROCK (AP) - Afton Wheeler of Rogers, president of the Carroll Electric Cooperative at Berryville, was re-elected president of the Arkansas Electric Cooperative Corp., at the organization's annual meeting here Wednesday.

Cambodia, U.S. Appear in Accord

PHNOM PENH, Cambodia (AP) - Cambodian officials said today Ambassador Chester Bowles has assured Prince Norodom Sihanouk the United States intends to respect the neutrality and territorial integrity of Cambodia and has no intention of launching any attacks against his country.

The officials said Bowles, the U.S. ambassador to India, and Prince Sihanouk, the Cambodian chief of state, also agreed their governments would do everything possible to foster good relations with each other.

Bowles, sent by President Johnson to discuss the problem of Vietnamese Communist forces taking refuge on Cambodian territory, was to lunch today with the prince.

The American envoy is scheduled to leave Friday.

Cambodian officials said the first meeting between Bowles and Sihanouk Wednesday was "frank and cordial."

The Cambodian foreign office already has announced that it approves a U.S. offer of two helicopters for use by the International Control Commission set up by the 1954 Geneva conference to supervise the Indochina armistice agreements.

A Cambodian note to the Australian Embassy said, however, that the three-nation commission as well as Britain and Russia, co-chairmen of the Geneva conference, must decide whether to accept the helicopters, which the United States offered so the commission could patrol Cambodia's border with South Vietnam.

The United States would like to see the commission keep an eye out for Communist forces crossing into Cambodia, but there is considerable doubt that the Polish member of the commission or the Russians will permit this.

In Washington, Senate Democratic leader Mike Mansfield told a reporter conversations with President Johnson have convinced him that the United States will not permit U.S. and South Vietnamese forces to pursue Communist forces from Vietnam into Cambodia.

"It would be tragedy compounded on tragedy," said the Montana senator. "I commend the President for his unyielding attitude in that respect."

Only two divisions, one a mechanized infantry division and one an armored division, are below full strength and these, sources said, range between 95 per cent and 100 per cent of full manpower.

There are four Army divisions in the strategic reserves.

They are the 1st Armored Division, both at Ft. Hood, Texas; the 5th Mechanized Division at Ft. Carson, Colo.; and the 82nd Airborne Division at Ft. Bragg, N.C.

A new division, the 6th Infantry, is beginning to take shape at Ft. Campbell, Ky. It will probably not be combat-ready until late this year.

Army Divisions Short Nearly One Fifth of Their Major Equipment

By FRED S. HOFFMAN
AP Military Writer
WASHINGTON (AP) - U.S. Army divisions and brigades that form a strategic reserve to meet any new crisis abroad, are short nearly one-fifth of their major equipment.

This situation exists more than two years after the Defense Department began putting in heavy orders for gear and supplies to support a big military buildup for the Vietnam war.

Asked for a report on the present equipment situation in the strategic reserves, the Army replied Wednesday: "The active Army divisions and brigades currently stationed in continental United States have on hand approximately 82 per cent of their authorized. . . major end items equipment."

The Army defined a major end item as "one which in itself performs a function" such as trucks and tanks.

It estimated only about one-half of the shortages will be filled by June 30.

Beyond an across-the-board percentage the Army declined to provide a detailed breakdown of short items.

But while the strategic reserves are short of their allotted equipment, the Army apparently has made progress in modernizing their gear.

In May 1966 the Senate preparedness subcommittee complained stateside divisions were burdened with over-age vehicles and tracked equipment which has been driven "an excessive number of miles."

The new report said fewer than 1.2 per cent of the major items on hand are less than first-line quality.

The preparedness subcommittee charged in March 1966 that the Army's divisions in the United States were not combat-ready because they were being used to train draftees and recruits.

Secretary of Defense Robert S. McNamara acknowledged this was so.

A separate Army report, furnished on request to The Associated Press, showed this problem has been overcome. The Army said no basic trainees remain in the ranks of its divisions and brigades in the United States.

Furthermore, virtually all those units are at 100 per cent strength, with many of their men Vietnam combat veterans.

Chinese newspapers report new violence in Shanghai one year and a half after the start of Mao Tse-tung's purge of his foes.

H. Rap Brown, Black Power militant, takes refuge for six hours in the Cuban U.N. Mission after a scuffle with a policeman.

A U.S. Marine transport plane, with nearly a score aboard, is feared down in a blizzard in Nevada.

The continuing intense fighting that erupted after the New Year's truce and the aggressive tactics of the Communist forces were reflected in the U.S. Command's weekly report of casualties.

An American spokesman confirmed the South Vietnamese Command's report the day before that 2,868 of the enemy were killed last week, a record for the war. Allied losses were about average: 184 Americans killed and 1,132 wounded; 263 South Vietnamese killed, 657 wounded and 83 missing; 19 soldiers of other allied forces killed and 36 wounded.

In the Mekong Delta battle Wednesday, a company of the U.S. 9th Infantry Division's Riverine force landed from their armored landing craft and found themselves in the middle of the crack 261st Viet Cong Battalion.

While the 150 Infantrymen held off more than three times as many of the enemy, the 9th Division rushed reinforcements in by helicopter.

Gunboats, helicopter gunships, fighter-bombers and artillery hammered the Viet Cong positions in the canal-laced rice paddies 54 miles southwest of Saigon. Shortly after midnight the enemy battalion broke contact and slipped away.

The U.S. Infantrymen found 26 enemy bodies and then in a sweep beyond the battlefield today found 21 more bodies in new graves.

In the attack on the South Vietnamese battalion in Binh Dinh Province, enemy gunners lashed the government troops with mortars and rockets. Then the Communist Infantrymen attacked.

U.S. Meat Inspection Act Praised

MAGNOLIA, Ark. (AP) - Rep. David Fryor, D-Ark., said Wednesday the new federal Meat Inspection Act was a "remarkable victory for the consumer."

"For years the American consumer had assumed that his nation had the best meat inspection procedures in the world," he said. "It came as a shock to many to learn in the course of the congressional hearings that there were some 15,000 intrastate meat plants that escaped federal regulations."

All state meat inspection programs are required by the act to be brought up to federal standards within three years.

Fryor, in a speech to a Magnolia civic club, said that the 90th Congress could claim credit for achievements in such fields as Social Security, aid to elementary and secondary education, air pollution and the food stamp program.

Crack Cong Regiment Hard Hit

By ROBERT D. OHMAN
Associated Press Writer
SAIGON (AP) - U.S. and South Vietnamese soldiers clashed with Viet Cong and North Vietnamese in a chain of battles Wednesday that stretched from the northern provinces to the Mekong Delta.

Three major engagements were reported.

U.S. Infantrymen, landing from river assault boats on the slippery banks of a Mekong Delta canal, ran head-on into a veteran Viet Cong battalion and killed at least 47 guerrillas in a 10-hour fight that ended early today. American losses were 18 killed and 50 wounded.

Viet Cong Infantrymen charged from behind a mortar barrage and struck hard at the hilltop bivouac of a South Vietnamese battalion in Binh Dinh Province 270 miles above Saigon, killing 14 soldiers and 10 ammunition bearers and wounding 30 soldiers. A government spokesman said 23 guerrillas were killed and two were captured.

U.S. air cavalrymen, fighting under the banner of the Americal Division, reported killing 28 North Vietnamese regulars and said 14 of their own men were wounded in a four-hour fight in the Que Son Valley 370 miles northeast of Saigon. Only three of the wounded Americans had to be evacuated.

The continuing intense fighting that erupted after the New Year's truce and the aggressive tactics of the Communist forces were reflected in the U.S. Command's weekly report of casualties.

An American spokesman confirmed the South Vietnamese Command's report the day before that 2,868 of the enemy were killed last week, a record for the war. McCarthy Is Campaigning in California

LOS ANGELES (AP) — Sen. Eugene J. McCarthy, carrying his campaign for the Democratic presidential nomination to the nation's most populous state, says the Vietnam war has generated a spirit of "joylessness and fear" in America.

cannot be separated" from the war. McCarthy, who plans to run in several Democratic primaries, opened today a six-day campaign swing through California. His initial speech was prepared for delivery at a Los Angeles luncheon. McCarthy said the war has distorted the nation's priorities. During the last two sessions of Congress total appropriations increased by \$38 billion—all but \$2.6 billion of the total for defense program, he said. In other political develop-

ments: — A major Rhode Island supporter of Michigan Gov. George Romney who seeks the Republican nomination, said Romney's campaign is "not catching on." — California Gov. Ronald Reagan said he can't imagine any circumstances under which he'd campaign in primaries for the GOP nomination.

— McCarthy asked the Federal Communication Commission to let his lawyers prove President Johnson is an active reelection candidate. This is a principal argument in McCarthy's effort to win free air time on the three major networks to reply to recently broadcast comments about him by the President.

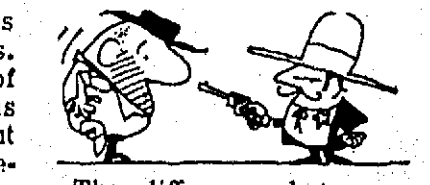

— Sen. Mark O. Hatfield, R-Ore., said New York Gov. Nelson A. Rockefeller's position on the Vietnam war is flexible enough to unite Republicans on the issue if he becomes their presidential candidate. McCarthy told his Los Angeles audience the Johnson administration "has committed itself, without really consulting anybody" to the generals leading South Vietnam, "and is fulfilling that commitment with money and energy to spare."

He said Johnson should devote more attention to social problems at home "because we also have major commitments to our own citizens."

BARBS

Politeness is letting a woman board the bus ahead of you; prudence is getting on first if the bus is nearly filled.

The fellow who can't get along without his two dozen credit cards would have a heck of a time in a nudist camp.

The difference between a big shot and an important man is a matter of caliber.

Raps Bishops Who Abandon Their Vows

WASHINGTON (AP) — The nation's Roman Catholic bishops sharply criticized priests who abandon their vows misinformed as well as laymen and many aspects of liberal contemporary theology.

In a 25,000-word collective pastoral letter—one of the few ever issued on so sweeping a subject by top church leaders in America—the bishops said they wish to set a course allowing for lay participation "somewhere between the prevailing, but far from universal silence of the past and the occasional strident confusion of the present."

The letter issued Wednesday reasserted traditional loyalty and obedience to the church and its hierarchy and appeals for a "renewal of that love of the church that has so characterized the faithful of all ages."

It warned against "impetuous applications" of the teachings of the recent Vatican Council.

While not mentioning by name jazz masses or the setting up of experimental forms of worship, the letter appeared to have such contemporary occurrences in mind in saying:

"With sadness we notice that some today, using the noble word 'charism' (a claim of personal authority on the basis of spiritual guidance) or employing theology almost as therapy, ridicule the church and, under the guise of being contemporary, seem hostile to everything except their own views," the letter stated.

Never in the church's past, the bishops said, "did she really trust in princes and in no future moment will she rely, in fact, on the people's pleasure or the judgment of the crowd."

The bishops noted a "crisis in priestly life" and declared some priests "have not only lost their own vision but have sought to shatter the ideals of others and made a public display of their defects."

Many priests, the letter said are subject to loneliness and "disturbing doubts about the worth of their lives." These same doubts, it adds, "must especially afflict, nowadays, many in the armed forces."

In an apparent reply to talk among some priests of the eventual possibility of the church granting them the right to marry, the bishops maintain laymen and clergy alike must respect church doctrine and decisions laying "renewed insistence" on the requirements for priestly celibacy.

While the Vatican Council sought to give laymen a greater role in the affairs of the church, the letter said, "no one would maintain that an individual layman or all the laity together should be heard by the Christian community in the same way that the Pope...or the College of Bishops are to be heard."

Turning to the church's affirmation of social action and social justice, the bishops declared: "If Catholic performance does not match Catholic promise, then truly we shall have failed. If our deeds contradict our statements, then we shall have doubly sinned."

Accepted Fact

It is a generally accepted fact that matter can neither be destroyed nor created. It may be changed, rearranged, adapted in innumerable ways, but this does not involve actual creation or destruction.

More Big Turnips

— Hope Star photo
Mrs. Bertha Hunt brought by these three turnips which were grown by her husband, H. R. Hunt, near Patmos. They ranged from nearly six pounds to seven and a half pounds.

HELEN HELP US!

by Helen Bottel

YOUTH ASKED FOR IT!

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us, it welcomes laughs but won't dodge a serious question with a brush off.

Send your teenage questions to YOUTH ASKED FOR IT, care of Helen Help Us in this newspaper.

SOFT HEART COULD CAUSE HARD LIFE

Dear Helen: I don't like to hurt people and because of this I'm in a terrible mess.

When Carl started getting serious, I told him I wasn't ready for marriage. He said, "That's okay, you'll marry me sometime." I thought he was joking, and kept on dating him until he left for the Army. Honest, I never once gave him hope.

Next thing I knew, he'd sent me an engagement ring. I was about to return it when his mother called and begged me to keep it—just until he got back from Vietnam. She made him sound so lonely and brave that I gave in.

Then it started. His family watched every move I made. If I even talked to another boy, I got threatening calls. I couldn't take it, so I sent the ring back. Then the roof fell in. His brother beat up my brother. His mother told around that I led her boy on and left him to die on the battlefield. Carl wrote that if I didn't take the ring back I would be responsible if he got killed. His parents brought over a bunch of his letters last night and

left them for my folks to read. They're like a crazy person wrote them. If I say I'll be engaged to him again, it will be even worse when he comes home. If I call it off, and he doesn't come back, I'll always hate myself. What shall I do?—TOO KINDHEARTED

Dear Helen: This is emotional blackmail, and if you let it continue your soft heart may bring you a hard life.

Be firm about not accepting the ring and make sure Carl and his parents know exactly the reasons why. Though make your letter to him as kind as possible. Even if you loved him, I doubt your marriage could survive the in-laws.—H.

Dear Helen: The kid who hates his grandfather: he'll feel different after it's too late. I did.

My grandfather lived at our house for about 15 years. He gripped about the younger generation and fussed when friends came. He sulked too, and was often unreasonable. But, now that he's gone, I miss him so much I can't stand it. It's then you remember all the good things about him, and wish you'd let him know you knew them.—J.

Dear Helen: My grandfather was an alcoholic. He got drunk one day and sold his house. That's when he came to live with us. Everything was on edge and there was always an argument going on. He was sloppy and loud, and often screamed back at him.

Liquor finally killed him. Then I began to think of the wonderful things he had done and how good at heart he really was, and how maybe he wouldn't have drunk so much if we had been kinder.

I hope that "Grandfather-Hater" follows your advice, Helen, and treats him like a human being. When an elderly person dies and you know you've made him feel necessary and wanted, you have good memories. But when you have wished him gone—he has sensed it—your guilty conscience just won't quit.—UNGRATEFUL GRANDDAUGHTER

Vegetables Will Cost You More

WASHINGTON (AP) — U.S. housewives will have to dig deeper into their pocketbooks to buy fresh vegetables this winter.

The Agriculture Department said that production of vegetables for fresh markets this winter will be 11 per cent below last year's level and 5 per cent below average.

Shorter supplies are expected to boost prices for cabbage, carrots, celery, lettuce, onions, tomatoes, artichokes, beets, sweet corn, egg plant and green peppers.

The sweet potato is closely related to the morning-glory

BERRY'S WORLD

"I'm glad to see John Wayne getting into this Vietnam thing—he's never lost a war!"

We care

It isn't easy to buy bean coffee!

Nowadays, very few stores offer you bean coffee.

Why does A&P still offer coffees in the bean?

Basically, because "We Care."

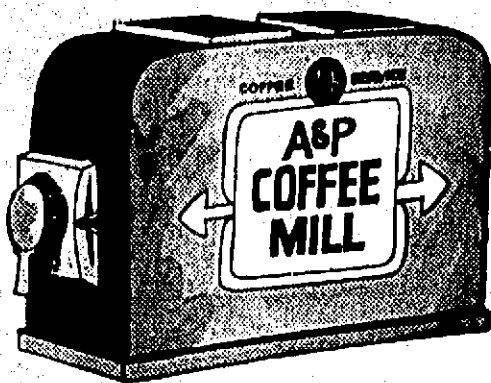

Specifically, because we know these facts:

The coffee bean is nature's seal that holds the flavor.

Once that seal is broken by grinding, flavor fades...

NO MATTER HOW IT'S PACKAGED.

The shorter the time between grinding the beans and brewing your coffee, the greater the flavor.

So if you want the finest cup of "The Think Drink" you've ever tasted, buy and brew one of A&P's three Bean Coffee blends... Eight O'Clock, Red Circle or Bokar.

Not every store can offer you custom-ground bean coffee. A&P can and does. Shouldn't A&P be your store?
